

Advocacy with Texas PTA

Every PTA leader is an advocate, each bringing their unique personality to their approach. At our core, PTA leaders are united by a common thread: we take action whenever we learn of an issue that may jeopardize children. To be successful, we must be dedicated to building strong relationships and fostering respectful discussion. Especially now, as Texas public schools—our greatest partners—face continuous challenges, it is crucial that we stand together to support and protect our children’s education. This commitment defines who we are as PTA leaders. Let’s develop a legacy we can all be proud of. *Will you join me on this journey?*

Use the Texas PTA Votes. resources to encourage your community to learn more about the issues affecting students and schools, as well the importance of voting.

Texas **PTA Votes.** sends a unified message from Texas families, educators, and students encouraging elected officials to provide the resources necessary to make every child's potential a reality.

Texas **PTA Votes.** is a non-partisan campaign presented by Texas PTA.
